**proposal of marriage**
You want to make your sweetheart a very special marriage proposal? Then we have 3 options for you:

**Marriage proposal on the airfield - in advance:**
Let's go for it with a sightseeing helicopter flight along the Frankfurt skyline - that alone is pure experience! In the meantime, we have already prepared two hearts on the landing field: a red with "yes" and a colorless with "no".

Shortly before the landing we will let you out of the helicopter. From our wedding team you will then be equipped with a handheld radio and a bouquet of flowers. At best you pull the engagement ring out of your pocket.

Your sweetheart can not directly answer. Whether the answer is "yes" or "no" decides on which heart the pilot lands.

On your request we serve by landing a glass of sparkling wine and if you like also for your friends and relatives. Certainly a successful marriage proposal.

**One bottle of sparkling winfe and a bunch of flowers are included.**

If you would like more support for this day, more friends or relatives are welcome to accompany you after prior registration, but separate registrations (for a fee) are necessary. We are also happy to fulfill more sparkling wine, more flowers or other special requests for a corresponding fee.

**Flight to Jagdhof Glashütte:**

In the former inn, travelers have always been welcomed and offered a place to relax and refresh themselves. Grown from this is a holiday paradise in the midst of nature, which offers the guest today every imaginable luxury, without wanting to be "luxurious".

Flight exclusively in the Robinson R44 from the airfield Egelsbach to Bad Laasphe to the Jagdhof Glashütte - Landing directly in front of the hotel - flight time approx. 45 min. One way. Named price is pure airfare, waiting on-site incl. (about 2 hours), food and drinks on site are exclusive.
